You will go on a scavenger hunt of sorts to find licensed work on the internet. For each row, you will:

- **Describe** what is meant by each of the following licenses for each row (column #1) - need a [review](#)?
- **Search** (using Google Advanced Search, Wikimedia Commons, Flickr, etc.) for images with that particular license
- **Insert** the link to that image (or the image itself) into column #2 (if you insert an image, make them small, no more than 100 pixels on a side - thumbnail size if possible)
- **Attribute** the work to the author in column #3

(CC-BY-ND) has been done for you as an example...
